ENTERTAINMENT OPTIONS

Our flagship variety band, covering **seven decades of dance hits**, plus our famous cross-genre, cross-generational mashups.

"I had the opportunity to work with Joe and Groove Factory through my business Serendipity Events. They played for a wedding reception this summer for one of our couples and I was very impressed with the whole evening. Joe was great to work with, easy to communicate with, and made the process very simple. The entire band was great, was able to adapt to timeline changes, and kept everyone on the dance floor. Great group of performers!"

Laura H. / Serendipity Events

Costumed all-80s tribute show, rocking out to Top 40, hair metal, R&B, OG hip hop, new wave, and everything in between.

"Freeze Frame was spectacular! The band was professional and very talented. My husband's 40th Birthday party was a huge success due in much part to the band. My guests had a fabulous time, they did not stop raving about how great the band was and they danced all night. I would recommend this band to anyone that wants a high energy party that guests will talk about for days to come. Freeze Frame was AWESOME!"

Julissa G. / Adult Birthday Party

Unleash your inner rockstar! Pick your favorite song from our repertoire, then take center stage while the band backs you up.

"The band delivered! Joe and his band were professional and accommodating. We experienced everything they had to offer – Freeze Frame with their 80's music, and then had fun with their live karaoke, and finally we also were entertained by Groove Factory, which is their all variety music. It was fabulous and our guests really enjoyed the entertainment!"

Anita S. / Private Event
